Where Most Sickness Begins and Ends

BY FRANKLIN DUANE, M. D.

It can be said broadly that most human ills begin in the stomach and end in the stomach. Good digestion means good health, and poor digestion means bad health. The minute your stomach fails to properly dispose of the food you eat, troubles begin to crop out in various forms. Indigestion and dyspepsia are the com-Indigestion and dyspepsia are the commonest forms, but thin, impure blood, headaches, backaches, pimples, blotches, dizziness, belching, coated tongue, weakness, poor appetite, sleeplessness, coughs, colds and bronchitis are almost as common. There is but one way to have good health, and that is to put and keep your stomach and that is to put and keep your stolland in good order. This is easy to do if you take Dr. Pierce's Golden Medical Discovery. It is a wonderful tonic and blood purifier, and is so safe to take, for it is made of roots and herbs. Dr. Pierce, of Buffalo, N. Y., stands behind this standard medicine, and it is good to know that so medicine, and it is good to know that so distinguished a physician is proud to have his name identified with it. When you take Golden Medical Discovery, you are getting the benefit of the experience of a doctor whose reputation goes all around the earth. Still more, you get a temperance medicine that contains not a drop of allebel or practice of any kind. Long are alcohol or narcotic of any kind. Long ago
Dr. Pierce combined certain valuable
vegetable ingredients—without the use of
alcohol—so that these remedies always have been strictly temperance medicines.

If piles are torturing you, get and use Pierce's Anodyne Pile Ointment. The quick relief it gives is hard to believe until you try it. If constipated, Dr. Pierce's Pleasant Pellets should be taken while using Anodyne Pile Ointment. Few indeed are the cases which these splendid remedies will not relieve and usually overcome. They are so good that nearly every drug store has them for sale. have been strictly temperance medicines.

Mr. McKinley's letter brings cheer to all who

may be sufferers as he

was. Read it:

"I can honestly say that I owe my life to Peruna. After some of the best doctors in the country gave me up and told me I could not live another month. Peruna saved me. Travelling from town to town, throughout the country and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while plying my trade as auctioneer, it is only natural that I had colds frequently; so when this would occur I paid little attention to it, until last December when I contracted a severe case, which, through "neglect on my part settled on my lungs. When almost too late, I began doctoring, but, without avail, until I heard of Peruna. It cured me; so I cannot praise it too highly."

I Owe My Life to PE-RU-NA
